Warning:

- Investor should study and understand product (Mutual Fund) features, conditions, returns, and risks before making investment decision.
- Investment in Mutual Fund is not “a money deposit” and not protected by the Deposit Protection Agency. Therefore, it involves risk including possible loss of the principal amount invested.
- Investment in mutual funds may carry foreign exchange risk. Investors may experience currency losses or profits or receive a return less than their initial investment.
- This mutual fund may invest in future contracts, which carry higher risk than other mutual funds, so as to generate a potential returns. It thus may not suit investors who wish to maintain principal in full.
- This mutual fund may have investment concentration on real estate industrial sector or country. In case of any negative factors which adversely affect the investment, investors may lose a huge amount of investment.
- Investors should study the details of mutual fund, especially its investment policies, risks and performance. A prospectus can be requested at any CIMB Thai branches or your Relationship Manager in charge.
